'HOW THE WEST WAS WON'. . .

I was watching the current rerun of "How the West Was Won" on Channel 10 the other night, a habit sublimating later evenings when the reading and writing have yet to begin.

A panoramic and simplistic view of why people went west, "How the West". . .traces the river-raft misadventures of a family put upon by river pirates, dangerous rapids early in the adventure, which indeed the opening of the West was.

Cameo parts by Jimmy Stewart and Gregory Peck, to name a few names, recall the type of people whose lives, all too often abbreviated by events, if not Indians or greed or a collection of bad judgement, matted together the Atlantic and Pacific.

Space for farming or ranching homesteads or "free land" wrested from the Indians motivated several million, who followed the mountain men, explorers, prospectors, and adventurers out of St. Louis, St. Jo and Kansas City, jumping off points from Missouri across the Great Plains.

The independent framework of the Western mind was molded in those hazardous crossings in "Prairie Schooners," the Conestoga Wagons which were the cars of the wagon train to California and Oregon, across the grasslands and through the Dakota Badlands into the "Big Sky" country of the Northwest.

It must have been a marvelous sight and sense, to see the open country, to know if you were good enough some part of it could be yours to drive roots into and build futures challenging the heights of the Redwoods and Northern Pines.

It took the U. S. Cavalry hundreds of campaigns to stabilize the West and Southwest, mustering the protection these early settlers and opportunists and wanderers themselves could not provide. It was not all rugged individualism. It was a matter of luck in hearing a cavalry charge just about the time the Indian raiding party was about to lift everybody's hair or tag a man's intestine to a tree and make him start circling.

The "West Was Won" by grit and luck and the U. S. Army.

The only thing resembling intellectual pursuits at the time were the types portrayed by Peck, the opportunistic St. Louis gambler following goldmine inheritor Debbie Reynolds to California for her inheritence, but scenarioed into heroics and marriage to Debbie even though her lode ran out.

It was an act of courage just to get up in the morning. Prospects each day ranged from consumption to starvation to overwork to old-age of 40, if the women survived childbirth and the men made it back to town, a mudhut or an insolated cabin at night.

It is understandable that open spaces, even now with their concentrations of people and cities, develop the unique voting pattern of November 1976. Approximately that half of the country scanning westward from the Mississippi voted for Gerald Ford, those generations leaving that half of the country approximating the area voting for Jimmy Carter.

"How the West. . ."would make more sense to this city-impacted nation if it were grided out into that vast expanse of plain, rock, and sky, enabling redistribution of numbers in a renewal of Westwinning and city-saving.

The temperate climate, the fertile soil, and the Anglo-Saxon desire for freedom and aggrandisement for that time compel a great deal of telling to tell really what we were a few generations ago for a few generations. "The West Was Won" by a marvelous people who didn't care "how" it was to be done, but that it was to be done.

Someday, we'll be sending the motiviated of our numbers to other planets for the same reasons. That is, if the plastic in our blood is restored to plasma.

County Museum To Open

AN AFTERNOON FIRE Tuesday at Provasek Implement Co. on Highway 77 heavily damaged his tractor which was backed up to a storage shed. The shed was a total loss, one of the owners said. Cause of the fire was unknown.

Area Towns Plan Exhibits For Opening

Official opening for the Milam County Historical Museum is set for Saturday, according to Mary Belle Batte, museum committee chairman.

The museum, housed in the old county jail in Cameron, will be open from 9 a.m. until 5 p.m. Saturday and on Sunday from 1 to 5 p.m. Weekend hours will remain the same after the opening and the museum will also be open on Tuesday and Thursdays from 1 to 5 p.m.

Exhibits for the opening will be collected and set up by residents of Gause, Milano, Thorndale, Rockdale, Buckholts, and Cameron. A special feature for the opening will be a sheriff's exhibit covering county sheriffs who served Milam County and lived in the old jail.

Batte said the drive for members of the museum association is moving along well. Memberships are being sold by school children at 25 cents for elementary students, 50 cents for older students, $1 for individuals, and $2 for families.

Memberships are also being sought from civic organizations, clubs and businesses in the county.

Batte said starting on Saturday, March 12, and on weekdays when the museum is open, residents may bring items for exhibit to the museum. The items will be accepted either as a loan or a gift.

Bode Killed In Accident At Brenham

The 19-year-old son of the owner of Bode's Livestock Auction Co. in Milano died Sunday of accidental electrocution at the home of his parents of Brenham.

Bruce Bode was pronounced dead at the scene by Justice of the Peace Harry Lesser of Brenham. The young Bode had gone into the attic of the home to turn on an electrical heating system when he received the shock which killed him.

Funeral service was held at 3 p.m. Tuesday in Memorial Oaks Chapel in Brenham with Rev. Thomas H. Sygert officiating. Burial was in the Prairie Lee Cemetery.

Surviving are his parents, Mr. and Mrs. Oscar Bode Jr. of Brenham; three sisters, Mrs. Brenda Klotz, Mrs. Sharon Pennell of Conroe, and Kathy Schultz of Brenham; one brother, Oscar Bode III of Milano; and his grandparents, Edna Bode and Elmire Helmer of Brenham and Charlie Helmer of Bryan.

He was associated with the livestock auction company in Milano.

In Green Addition City OKs Contract For Paving

Low bid for paving streets in the Green Addition was awarded to Odell Geer Construction Co. of Harker Heights by city councilmen Tuesday with work to start in about 60 days following completion of legal steps, engineering computation, and owners signing up.

Clifford Cason, the city's engineer, said bid was for $197,327.60. Construction will include 6 inches of gravel base and 1 1/2 inches of asphalt topping. He estimated cost to owners of about $3.50 to $4 per linear foot.

Legal steps include a public hearing on the project which will be set by an ordinance to be passed by the council. Cason said if all goes well the paving should be finished before the end of the summer.

In other business, council approved an ordinance proposed by Councilman Gene Lumpkin to regulate damage to streets caused by utility companies. The ordinance prohibits cutting streets without a permit and provides for method of repair.

Lumpkin also recommended to the council that the city's tax rolls be reviewed and brought up to date, and it was suggested that the school's tax rolls be studied for comparison of values. It was noted that the school took similar action when it updated its tax rolls some years back.

Fire Chief Felix Matula asked that fire lanes on the streets in front of the fire station be widened to 20 feet on each side of the driveway and across the street. He said firemen have trouble getting the big truck out of the station.

City code inspector Ed Bigbee said he has had reports of residents being bilked by door-to-door salesmen, and noted that such salesmen need a city permit. He urged homeowners to ask to see the permit before talking to salesmen, and to be careful about having any work done by such individuals. He said paint put on roofs had washed off and asphalted driveways had deteriorated when done by these companies.

Mrs. Becky Magre asked council for $300 to help with a summer recreation program to be sponsored by the Arts and Service League. She said the league has $600 to contribute and funds were needed to pay a director.

The program will last for six weeks and will be for both adults and children, with various activities planned. Most activities will be scheduled in the afternoons. She also asked for use of the community center. Council voted to allocate the funds out of revenue sharing money.

A bid on a new police car was rejected and the city will re-advertise for bids on a small car with a police package.

Grassfires Keep On Calling Volunteers Out

Grassfires continue to plague the county and volunteer firemen were called out five times over the weekend. Rockdale volunteers also had their share of calls during the same time.

Calls for Cameron firemen started at 2:15 a.m. Friday with a grassfire at Griffin Chapel. Another call came in at 8:30 a.m. to a grassfire a mile from Milano on Highway 36. At 11 a.m. a grassfire was quenched at the Marlow Church.

Calls Saturday included one at 12:55 a.m. to a grassfire on the railroad right-of-way on the Temple highway. At 3:25 p.m. Sunday firemen were called to put out another grassfire on the Country Club road.

The volunteers were roused from their beds at 4:45 a.m. Monday when fire broke out on seven railroad cars parked on a siding near Hoyte. More firemen were called to help with the blaze at 5:25 a.m.

Fire Chief Felix Matula said the brake boxes on the seven cars were afire and said it looked like the fires were deliberately set. No other damage was reported to the cars.

Rockdale volunteers answered two city fire calls on Friday, helped Cameron firemen with the fire near Milano, and put out a grassfire on the Sandy Creek road Friday night.

Grant Approved For Hill Country Group

Gov. Dolph Briscoe announced approval of a $192,388 Community Services Administration (CSA) grant to Hill Country Community Action Association, Inc., in San Saba.

The grant includes $42,230 for administration, $69,770 for General Community Programming, and $80-388 for Senior Opportunities and Services. The grant is effective retroactively from Jan. 1, 1977, through Dec. 31, 1977, and is funded under Title II of the Head Start, Economic Opportunity, and Community Partnership Act of 1974.

Administration funds are being used to administer not only CSA funded programs but others that the association administers, such as Head Start, Title VII Nutrition, Title XX Day Care and Family Planning, VISTA, Title X Family Planning, Title XIX Family Planning, transportation, etc.

Administration funds are also used to increase the participation of the poor in planning; to mobilize additional resources to impact the problems of the poor; and to improve staff efficiency through training.

General Community Programming funds are being used to provide contact, referral and follow-up services to approximately 1,800 low-income persons; provide housing counseling to 60 low-income families in improving their housing through low-cost loans; provide day care to 120 children to relieve their mothers for employment; and to provide information and educational classes and seminars.

The Senior Opportunities and Services program provides services to the elderly 60 and above in 11 counties served by the program, transportation to 6,500 needy elderly, meals-on-wheels in Hamilton County, large print books to elderly, telephone reassurance, housing counseling, and multipurpose center services in established centers plus adding new ones in seven communities.

The 11 counties are: Bell, Coryell, Erath, Hamilton, Lampasas, Llano, Mason, McCulloch, Milam, Mills, and San Saba.

Rattlesnake Hunt, Arts And Crafts

Over 80 exhibitors have signed up for the arts and crafts show to be held March 5 and 6 in conjunction with the Taylor Jaycee's fifth annual rattelsnake show and hunt.

A rattlesnake show and snake sacking contest will be held. All activities will be in the Shinn Recreation Building east of Taylor on Highway 79.

Food and refreshments will be available both days.

Man Injured When Truck Hits Bridge

A Cameron man was in stable condition in a local hospital following a one-vehicle accident on the Little River bridge at 1 a.m. Tuesday. DPS Trooper Milton Wright investigated the mishap.

Recovering in St. Edward Hospital is Sammy Hobbs of Rt. 1, Cameron who was thrown from his 1976 Blazer pickup after it struck the west end of the bridge.

Wright also investigated an accident near Milano at 2 a.m. Tuesday. He reported that a vehicle struck utility poles, knocking down power lines. The driver left the scene and the accident is being investigated.

One man was injured in a two-truck wreck at 8:30 a.m. Monday.

Alfred Cortez of Kress received cuts and an injured jaw after the truck in which he was a passenger collided with another truck driven by Robert Howard of Longview.

The accident occurred in front of the Red Barn Store in Milano.

Cortez was in a truck driven by his father. Heavy damage was reported to both trucks.

A minor accident was reported by Cameron police at 12:08 p.m. Monday in which slight vehicle damages were reported.

The collision occurred at Main and Travis in Cameron. Cars were driven by Matt Zarosky Sr. of Cameron and Bolivar Lorenzo, also of Cameron. Neither driver was injured.

DPS Trooper Wright also reported a one-car turnover Friday night on the Marlow road. No injuries were reported to the driver who was identified as Julian Martinez of Cameron.

County Agent's Notes

Goal Is To Eliminate Screwworm From Texas

By Bill McCutchen
Milam Co. Ext. Ag.

Morris Coward, Reeves and Betsy Brown, and I attended the Governor's Conference on "Mission '77: Stamp Out Screwworms" Feb. 24 in Austin.

The keynote address was given by Gov. Dolph Brisoce in which he stated that this may be the last chance we have to eliminate the screwworm fly from the continental United States.

The governor asked for diligence from cattlement like that which was exhibited back in the 60s in inspecting cattle, avoiding dehorning and castration during screwworm fly period, collecting sample, spraying, and just general observation and diligence by each cattlemen in Texas.

He also suggested that county screwworm committees be reorganized to encourage total cooperation.

All farm, livestock, and related businesses and organizations in Milam County are asked to unite behind a common goal of eliminating the screwworm pest.

A countywide organization will be formed in the near future to make plans for cooperation with the state-wide effort.

ROOT ROT

A cotton root rot contol demonstration was established Feb. 22 on the Joe Mueck farm near Cameron. Soils were tested in January and Tuesday 1,800 pounds of coors sodium chlorate (ice cream salt) was applied per acre and disced into the soil. Next year an additional small amount of salt will be added.

Dr. Stuart Lyda's work on this shows that at least two years are necessary to obtain root rot control as the salt must dissolve and leach through the soil to kill the spores.

Part of the treated land will be planted to cotton in 1977 and the remainder will be planted to grain sorghum.

Dr. Walter Walla, plant pathologist at Texas A&M, and Jerry Trampota, Extension assistant assisted the county Extension agent in putting out the demonstration.

At the rates used materials cost about $26 per acre.

I would encourage cotton producers to watch the progress of these demonstrations, but I would remind you that this is a demonstration and results of this and other demonstrations should be watched before entire fields are treated.

Animal Ag Conference Set In April

Animal agriculture representatives from throughout Texas are expected to register for the annual Texas Animal Agriculture Conference, April 4 and 5, in the Rudder Center at Texas A&M University.

"A Look into the Future," will be the conference theme. Short courses in beef, dairy, horses, and swine will be offered, as well as special programs relating to range, pasture, forage production, and wildlife management, says L. S. Maddox Jr., beef cattle specialist with the Texas Agricultural Extension Service.

Maddox, general chairman, said the conference will be keyed to producer profits. Short courses will deal with marketing, animal nutrition, health and reproduction.

Dr. O. D. Butler, head of Texas A&M's animal science department, will moderate the general session which will open the Animal Agriculture Conference. Five speakers will discuss key issues of concern to animal agriculture.

ICA Leaders Testify To Committee

President T. A. Cunningham and Vice-President Dr. Eddie Payne of the Independent Cattlemen's Association of Texas both testified before the U. S. Senate Committee on Agriculture in Washington Wednesday regarding the Agriculture Bill.

T. A. Cunningham told the Committee of the general conditions of the cattle industry throughout the United States and stated that this has been caused by a number of factors including "price ceilings, grain embargoes, and foreign beef importation."

"We as the Independent Cattlemen fully endorse and support free enterprise and free markets, but not at the cost of completely destroying one of the industries that has historically been the backbone of this country. We are not asking for any subsidies or handouts as are given to the cattle industry by other countries such as Japan, Sweden, and the European Community. We are just asking for a fair shake," Cunningham said.

President Cunningham and Dr. Payne both elaborated on the agricultural research that is needed in this country, especially animal health research.

"During the past 45 years the primary means of attacking the brucellosis problem has been the test and kill method. Strain 19 was introduced to the industry about 25 years ago," Cunningham continued, "and to my knowledge, no further research has been done. It occurs to me that with the advanced technology in other fields of medicine, we must desist from this rather medieval means of hiding from this disease in the 20th century and find a cure for brucellosis," Cunningham concluded.

Cunningham and Dr. Payne were both questioned extensively regarding Brucellosis, fever ticks, screwworms, and cattle entering this country from Mexico.

Cold war.

It was bad enough we had to fight the British for our freedom. But on top of that, we had to fight the weather, too.

Because winter at Valley Forge meant snow, ice, and freezing temperatures. All serious enemies to a makeshift army without proper clothing, not nearly enough food, and short on ammunition.

It was an army long on courage, but short on money.

And then the money came. Some $27,000,000 from the pockets of new Americans.

That's how people took stock in America back then, and you know how the story turned out.

Nowadays, people are still helping America stay strong and self-sufficient. And they're helping themselves to safe, dependable savings. By taking stock in America with the Payroll Savings Plan.

Buy United States Savings Bonds. They won't leave you out in the cold.

Take stock in America.

Methodist Church News

The Sacrament of the Lord's Supper will be observed on the second Sunday of Lent at the Maysfield and First Methodist Churches of Cameron this Sunday.

The scripture lesson will be read from Luke 13:31-35. Special Lenten music will be presented by the Chancel Choir that will be led by Mrs. Tommy Corley.

The pastor will speak on the theme "The Gift of Love" as he continues the Lenten series on the theme of "God's Gifts for Great Living."

A special Lenten Bible study on the book of Mark will be held in the Fellowship Hall four Sunday evenings in March at 5 p.m. The first 8 chapters of Mark will be covered this Sunday evening and Holy Land slides of Jesus' ministry in Galilee will be shown.

Special activities have been planned for boys and girls from the first through the sixth grades under the direction of Mr. and Mrs. Jesse White and Mr. and Mrs. Gary Beach. A nursery will be provided for infants and small children and refreshments will be served from 6 to 6:30 p.m.

Everyone is given a special invitation to attend this special Lenten study at the First Methodist Church during March.

Membership training classes will be held for boys and girls from the fourth through the eighth grades on Sunday at 10 a.m. on March 13, 20, 27, and April 3. Parents who plan to enroll their children in these classes are urged to call the church office and register your child.

There will be a training workshop at First Church, Bryan on March 20 from 2:30 to 4:30 p.m. Age level coordinators, workers for children and youth, lay leaders, work area chairmen, and other key leaders and workers in the local church are urged to attend.

Rehearsals for the Community Choir Easter Cantata are being held at the First Methodist Church on Wednesday evenings at 8 p.m.

Community Improvement Meeting Set

By John E. Snell
Milam Co. Ext. Ag.

Garland Marshall, community improvement specialist, will meet with the Gause Community Improvement Association at its regular meeting on Monday, March 7 at 7 p.m. The meeting will be held at the Gause Community Center.

Marshall will conduct a training program in the area of community improvement which will cover completion of community improvement recordbook, planning and conducting effective community judging tours and community improvement projects in general. All leaders in the Gause community are encouraged to attend this meeting.

The Texas Community Improvement program is conducted by the Texas Agricultural Extension Service of Texas A&M University, and is sponsored by electric utility companies operating in Texas.

WORKSHOP

The Gause 4-H Club will have a 4-H Woodwork Workshop on March 3, 10, and 17. Each meeting of the workshop will begin at 7 p.m. Charles Kunz of Cameron will conduct the training.

"Silence makes no mistakes."

IT'S PERSONAL

People keep teaching their children to say their prayers at bedtime, but how many do it themselves?

Maybe sometimes they pray in the darkness, silently, so that no one will know. But why the secrecy? Because prayer is a very deep, personal kind of expression? Because we reveal ourselves through it?

Even those of us who have gotten away from the custom of going to church every Sunday, who think they've put religion down the line on their list of priorities, turn back swiftly when in trouble, saying, "Dear God," first of all.

So why wait? In church you can pray alone or with others, in darkness or in light; but always in your own way—with a blessed sense of belonging.

MRS. BILLY E. MARTIN

Miss Sumrall Becomes Bride Of Billy E.Martin

Janet Gail Sumrall of Temple became the bride of Billy E. Martin of Cameron Saturday afternoon in the First Baptist Church of Cameron.

The bride is the daughter of Clarence T. Sumrall of Temple. The bridegroom is the son of Mr. and Mrs. Bob G. Martin of Cameron.

Rev. Vernon Dietrich performed the double-ring ceremony. Max McClaren, organist, provided the wedding music.

The bride's gown, designed by her, was of candelight crepe with a gathered bodice, scoop neckline, and layered flared sleeves.

Matron of honor was Mrs. Chris Johnston of Temple, sister of the bride.

Best man was Roy Reddehase of Temple.

Candlelighters and ushers were David Martin of San Marcos, brother of the groom and Patrick Blinka of Cameron.

Registering guests was Mrs. Patrick Blinka of Cameron.

The bride is a graduate of Temple High School. She is employed at American Printing in Temple.

The bridegroom is a graduate of Rockdale High School and Temple Junior College. He is employed with Alcoa's Rockdale Works.

After a wedding trip to San Antonio, the couple will make their home in Cameron.

Yoe Netters Have Good First Rounds In Columbus

The Yoe High tennis team traveled to Columbus to compete in the Columbus tennis tournament February 24-25.

Teams inclued in the two days of action were Cameron, Shulenberg, Wharton, Katy, Columbus, A&M Consolidated, Sealy, Brenham, Rockdale and Caldwell.

In mens doubles action the team of Dow and Ted Dodd of Cameron advanced to the semi-finals, after defeating Brenham's number two team and downing Wharton's number 1 team. Upon reaching the semi-finals Dodd and Dodd fell to Caldwell 6-2 and 6-2.

In other action, four of Yoe High's singles participants won their first round bouts.

Clay Kruse of Cameron defeated R. Hoover of A&M Consolidated 7-5 and 6-1. George Sanders beat his first round opponent B. Hengst of Shulenberg 8-2.

In the girls singles division Cathy Huffman of Cameron defeated C. Renwar of Katy 8 - 4, and Betty Sue Chubb of Cameron won her opening match, defeating Lisa Sellers of Brenham 8-3.

The second round of action proved to be fatal for the Yoemen first round winners.

George Sanders of Cameron was defeated in his second round by B. Bernstien, Bernstien advanced to the finals in his division. Clay Kruse of Cameron was also beaten in the second round dropping to T. Whitehead who also advanced to the finals.

In the girls singles second round Cathy Huffman of Cameron dropped to A. Kochl who advanced to the womens singles semi-finals. Betty Sue Chubb was beaten in the second round by A. Hoover who advanced to the Finals in her division.

Texas Game Population Rises

Texas' game populations have gone from a time of plenty during the 19th century to one of shortages in the first half of the 20th century and back to relative abundance in the past 36 years.

Earliest official state records at the Texas Parks and Wildlife Department date back to 1852 and indicate wild game in Texas was abundant at that time.

However, in 1884, the state Fish Commissioner in his annual report complained of a growing shortage of game and fish in all areas of the state except South Texas.

Protection seemed to be the kev to wildlife abundance, and the first general game law was passed in 1879. The first special game law for Galveston Island was passed in 1860, but apparently little heed was paid to such game and fish regulations until 1923 when the warden force was increased to 45. At that time little or no thought was given to the biology of a species or its habitat.

But perhaps the single most important law relating to wildlife was passed without fanfare in 1925. The shooting preserve law gave Texas landowners an opportunity to benefit economically from game species ranging on their property. The public demand for hunting opportunities and profits to be derived from leasing rights prompted landowners to provide game broodstock protection from overharvesting.

A comparison of early reports and recent information on game populations and annual harvest shows most game species have increased in Texas since 1930. And in the case of antelope, aoudad, mule, and white-tailed deer and turkey, mot of the increases in numbers and expansion of range are directly attributed to Parks and Wildlife Department programs.

NEWS OF ENERGY

Nuclear Is Scoring

"Those of us helping to supply the nation with energy feel good when we look at the fine record being made by nuclear energy," says Carl Walske, president of the Atomic Industrial Forum, the not-for-profit, international group of manufacturers, utilities, universities, labor unions and other organizations interested in the peaceful uses of nuclear energy.

Walske

"In 1975," he points out, "nuclear power supplied nearly 9 percent of the electricity generated in the U.S. That's 170 billion net kilowatt hours, or about the amount used in 20 million typical households during the year.

"And this electricity was produced by nuclear energy at an average cost of 1.23 cents per kilowatt hour. That's 63 percent cheaper than if it had been generated by oil (3.35 cents) and 30 percent less than it would have been if coal were the fuel (1.75 cents)." The resulting $2-billion in cost savings, Walske says, helped keep customers' electricity bills down: "Rate increases last year, by and large, were less at those utilities with nuclear power plants."

Nuclear power also saved us oil last year. "If the 170 billion kilowatt hours from nuclear plants had been produced by oil instead, we would have burned up another 10 billion gallons of oil, and that surely would have meant even higher petroleum prices," Walske says.

"Best of all," Walske adds, "at the end of the year, the world had attained more than 1,000 commercial nuclear reactor experience years, while maintaining a perfect public safety record."

4-H CLUB NEWS

By Kenneth Waites
Asst. Milam Co. Ext. Ag.

The San Antonio Livestock Exposition was held Feb. 10-20.

Eleven Milam County 4-H'ers exhibited their animals and the results are as follows:

Beef Heifers, Brangus--Rhonda Scroggins, Thorndale 7th, 9th, and 12th.

Polled Hereford--Joey Harris, Buckholts, 13th.

Charloais--Lisa Rubac, Buckholts, 5th junior show, 7th open show.

Dairy, Guernsey--Shari Spence, Rockdale horse club, 1st junior show, 5th open show; Jersey--Shelly Hall, Rockdale horse club, 1st junior show, 2nd open show; Brown Swiss--Christopher Riola, Cameron, 3rd junior show, 18th open; Peter Riola, Cameron, 7th junior show, 9th open.

Other exhibiting their animals included Deborah Glaser, and Darrell Glaser of Buckholts, Lori Tomascik of Buckholts, and Wendy Hirt of Thornale.

HORSE SHOW

A committee from the Cameron-Buckholts and Rockdale 4-H Horse Club met Monday night, Feb.21 to make plans for a Milam County 4-H Horse Show Elimination.

The show has been set for May 28 at Fair Park in Rockdale and will get underway at 2 p.m.

Entry deadline is set for 12 noon May 17. Entry forms are available from the County Extension office in the basement of the courthouse.

Rules from the Texas State 4-H Horse Show will be used and will also be available from the Extension office at a later date.

You must be a member of 4-H to enter and own your horse on or before May 1.

Those qualifying at the county show will advance to district competition.

For more information contact the County Extension office.

Several new areas of training will be offered at the Texas 4-H Center in March. Each workshop section will be under the direction of a person especially qualified to teach his subject.

The aerospace workshop will be taught by Robert Vaughn, an engineer for NASA at the Johnson Space Center. Vaughan is a 4-H leader in Brazoria County. He has led a 4-H Aerospace Project there for several years. His experience will be most helpful to 4-H leaders interested and in helping 4-H members with an aerospace project on model rockets.

The workshop on 4-H recordbooks will be led by George McArthur, a 4-H and youth specialist with the Agricultural Extension Service. McArthur develops much of the 4-H awards program material used in Texas. He has firsthand experience with 4-H recordbooks on a statewide basis. McArthur will be assisted by Floyd Key, Comanche County Extension agent.

A knitting workshop will be taught by Mrs. Auston Kerley, a teacher and elementary school principal from Bryan. Mrs. Kerley has developed teaching materials and has taught knitting to both youth and adults. Her experienceincludes both schools and hobby center audiences.

A workshop on "Finding Summer Jobs" will be offered by Dr. Richard Floyd, an economist-business development specialist with the Agricultural Extension Service. He has helped plan and conduct job placement programs in various counties. Dr. Floyd has a speciali interest in this areas.

The camp counselor workshop will be under the direction of Carolyn Gilbert, an Extension Service 4-H and youth specialist. Miss Gilbert's experience in working with camping programs at the Texas 4-H Center gives her a wealth of background in this area.

Volunteer leaders, both young and adult, interested in attending one of these workshops on March 26 and 27 should contact the county Extension agent. Some workshops will be limited in number of participants. Reservations should be made early. Call Milam County Extension office, 817-697-3382 for more information or stop by the office, located in the basement of the courthouse in Cameron.

Local Auto Agency Has New Owner

Davis Simmons of Dallas has purchased the Cameron Motor Co. and the auto agency name has been changed to Davis Simmons Chevrolet-Oldsmobile Inc.

The agency will be selling new Chevrolets and Oldsmobiles and its full service department will offer service for all makes of cars, Simmons said.

Mr. and Mrs. Simmons and their children, Shelly, 6, and Jon, 1, are living at 705 E. 10 in Cameron. Mrs. Simmons is from Houston and Simmons is from Dallas. They both attended Sam Houston University.

The Simmons moved here from Lake Providence, La., where he was part owner of an auto dealership there for two years.

Simmons said no personnel changes are planned for the Cameron agency.

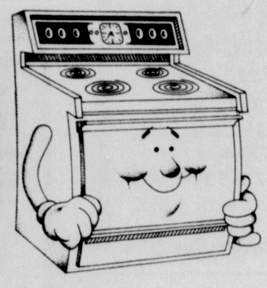
Servicemen

LANSE FERGUSON

Marine Lance Corporal Lanse S. Ferguson, son of Mr. and Mrs. Bennie M. Boyd of Rosebud, participated in exericise "Palm Tree 1-77" in the California desert.

His unit was airlifted from its Camp Lejeune, N.C. homebase to the Marine Corps Air/Ground Combat Training Center at Twentynine Palms, "Palm Tree 1-71" was designed to test the capability of a battalion landing team to deploy by strategic air lift and to provide realistic live-fire training.

SAVING TIPS on electric ranges



1. When using top-of-range utensils, cover tightly and cook with minimum of water. Cooking's faster; less energy's used. Food looks and tastes better, too.
2. Use flat-bottomed utensils for best contact with heating surface. Use proper size utensils. A 6" pan on an 8" heating surface wastes energy.
3. Preheat oven only when needed and only to temperature stated. Normal preheat is 10 minutes; any longer wastes energy.
4. When broiling, do not preheat. Leave door ajar...air circulation insures proper broiling.
5. Use oven fully. Fill it with foods that cook at same temperature. Freeze extras for later use.
6. Center pans in from oven sides, staggered above each other (no overlap) for best heat distribution.
7. Keep oven shut. Opening door drops temperature 25° or more; wastes energy.
8. Thaw frozen meats before cooking.
9. Do not use oven or surface heating elements for home heating.
10. Turn range off immediately when finished.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

Breakfast anyone??
After the night of fasting, the body needs to be replenished with food for energy, protein, minerals and vitamins to keep working efficiently.
With today's convenient products, breakfast can be prepared in a matter of minutes. It need not be dull and routine but should provide at least one fourth of the daily caloric needs and one third of the protein. It should also have at least one serving from each of the basic four food groups.
Here's a non-routine, non-dull idea.

Western Omelet

Combine in 10" skillet and saute over medium heat, ¼ c. chopped green pepper, ⅓ c. chopped onion, ¼ c. margarine, ½ c. diced ham or canned luncheon meat, 1 c. frozen hash brown potatoes, and ¼ tsp. salt. Combine 6 eggs well beaten, dash of hot pepper sauce, ½ tsp. salt, dash pepper. Bake in 350° oven for about 10-12 minutes until eggs are set. Serves 4 - 6.
